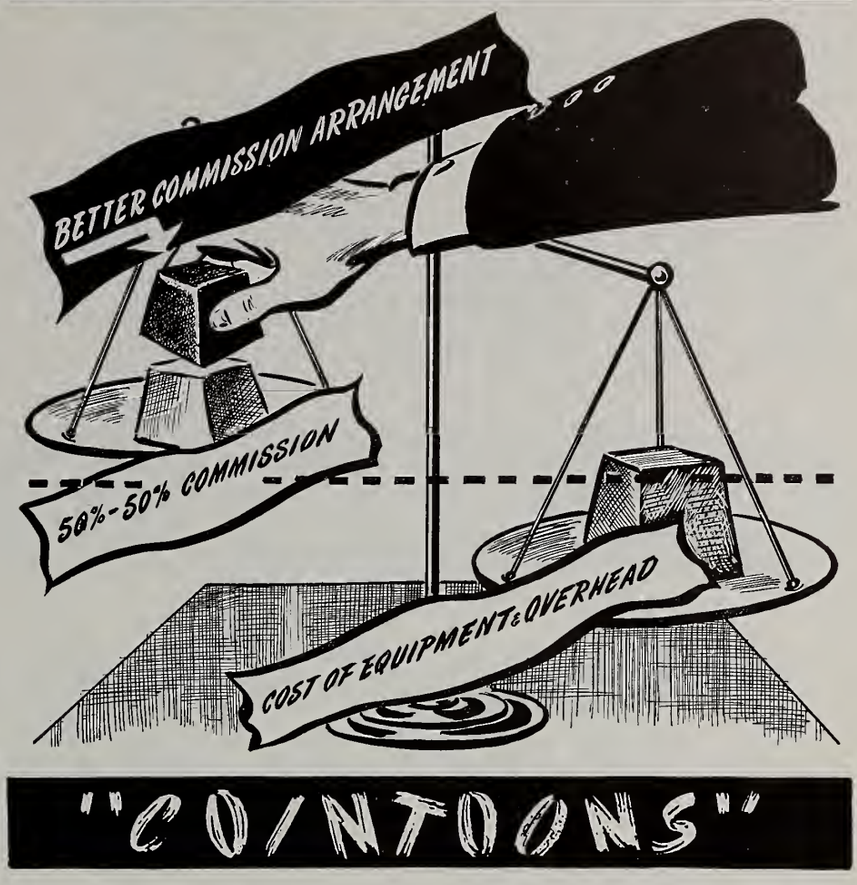
Slump Incites Ops to get Better Commish Basis

•

By Bill Gersh



This summer slump — tho it affected collections of many coin machine operators — had its good points, too.

In the first place, it ignited the spark (which had been pounded home to the industry time and time again for the past four years) that the operator must get better than a 50%-50% split of the gross collections from each location.

With the take down to pre-war averages, during the slump, and with machines away up in price; with supplies, parts and general overhead claiming from 40% to 50% of the gross receipts, ops suddenly awoke to the fact that they could no longer remain in the coin machine business on a profitable basis if they continued on a 50/50 split with the location.

During the wartime period *The Cash Box* urged the operator to go to 70%-30% for it felt that this commission basis could then be very easily arranged. But, the take was so great in so many instances thruout the nation, and with no new machines to buy, the average operator did not believe that it was necessary for him to get more from the gross collection than his usual 50%.

Today, after this summer slump, he realizes just how wrong he was. He now needs, at the very minimum, 70% of the gross collections. But, he also now realizes how difficult a task this is to obtain with new blood eager to enter into the operating picture and with storekeepers also suffering from a business slump — so that every dollar less that the location takes in is now a great big, gigantic dollar, and the storekeeper feels it.

Yet, there is no other way out today for the average operator. This slump has convinced him like nothing else could that he must get more money from his machines. He simply must speed up the play on his amusement games to be able to pay around $350 for a pin game. And he must, at the same time, get 70% of the total gross intake.

He must arrange for "front money" from his juke boxes and at the same time split the difference on a 70%-30% basis. This front money arrangement can be made in a great many different ways.

He can charge, 1) 1% of the gross installation cost per week and then give 70%-30% commission basis; 2) he can charge a flat $5 or $8 or $10 per week depending on how late the model of the machine is and split the difference on a 70/30 basis; 3) He can make a "flat guarantee" charge of $15 per week and split the difference on whatever basis he can best arrange; 4) He can make a service charge of $2 or $5 or even more per week and add to that charge the cost of materials and supplies used.

In short, he can angle his way out — and he must do so immediately — to get at least a 70% minimum from the gross collections.

The word is spreading thruout the nation that many are charging 10c per play (and this was first started during the war by the operators of wired telephone music) 2 plays for 15c or 3 plays for 25c. The increase in take has made many a music op very happy — and, at the same time, has allowed them to cut down the location owner to 25% or 30% — and still give him practically as much as he received before at 50% of the gross.

The slump that hit the nation is temporary. But, while it is here, the operator is faced with a glowing opportunity to go right to work and get what he should have been receiving all along. He must simply change his commission schedule.

One of the most brilliant pieces of work which *The Cash Box* has ever yet seen — was by a midwest operator who sent in a graph which he actually drew up himself and which was reproduced in this past week's (August 12) issue of *The Cash Box* — which, in itself, shows clearly that the operator must get at the very, very least a minimum of 70% from the total gross collections.

LOOK TO NEW TYPE GAMES TO OPEN CLOSED TERRITORY

Small Investment Plus Games of Entirely New Character Can Help to Open Many Closed Areas

NEW YORK — For sometime now, even during the war period, *The Cash Box* reported that a great many coin machine leaders believed territories should be re-opened to games of certain types.

At this time, the demand for such effort seems to have once again started. Coinmen feel that one of the biggest jobs facing the industry is to open leading centers where machines haven't been in operation for many years.

These men continue to point out that such effort will broaden the entire field for the manufacturers, distributors and jobbers as well as for the operators. As one very well known coinman says, "Everyone will profit. It will help the entire coin machine industry."

There are certain coinmen of the belief that the manufacturers can help to open these closed and important centers thruout the nation by presenting an entirely new type of amusement machine of an entirely new character so that it can be used in such effort by the members of the trade in those various cities.

"In the first place", one coinman explains, "we realize that many cities will never open. They have been down on machines and will continue to use coin operated machines as a political football. Therefore, the best that we can hope for is a machine which will give us the opportunity of opening some important center and which, likewise, will allow us to earn some profit."

The trouble, it seems, has always been the politicos where coingames are concerned. The reason for this is that these men can use the publicity which the press so willingly donates, and which the blue-noses so eagerly back up, and thereby gain for themselves the necessary notoriety which helps impress their names on their constituents.

To overcome this sort of thing the one and only method which coinmen can adopt is for the trade to make its investment, in an attempt to re-open some worthwhile territory, with some machine which will not be construed in the class of that equipment which is already banned.

The coinmen who propose that such effort be put forth feel that this is one thing which will be beneficial to all the industry. They claim that the trade must have territory re-opened alike to that which was open prior to the war and that the large cosmopolitan centers which are now closed to many types of amusement machines mean the difference between large scale production and lower prices and small volume and higher prices for machines when production is once again normal.

One distributor reports, "There is no doubt that the manufacturer would be be able to sell his games for less money when he can turn out large volume than what he can sell for when he produces smaller quantities of a number.

"From this standpoint alone it pays the members of this industry to plunge in and open closed territories. It means that the games will come to them at a lower price and, at the same time, they will have territory where they can see some real profits."

JUKE BOX BIZ TO ZOOM

Leaders Claim Juke Box Division Will Surpass Rest of Industry in Growth and Importance

NEW YORK — Possibly the one division of the industry which has demonstrated the greatest enthusiasm for its future—is the juke box business.

Members of this field are definitely and wholeheartedly of the belief that the juke box will lead the entire trade in growth as well as in importance in the years yet to come.

It has already been noted that the press thruout the country has publicized the great growth of the field. In leading newspapers, magazines and other media, from coast to coast, the juke box is as much discussed as are other businesses.

The facts seem to be borne out because the juke box division itself is so eager and so enthusiastic to get ahead and to make itself the most prominent part of the field.

In its last survey, some many months ago, *The Cash Box* found that better than 85% of the coinmen in this industry are engaged in the juke box business in one fashion or another. This is the greatest percentage ever yet reached in this field by any one division of the trade.

The New York Sunday News, largest circulation paper in the country, predicted in its feature double-page spread two weeks ago (as reported in the August 12 issue of *The Cash Box*) that there would be approximately 1,400,000 juke boxes in operation by the end of 1947.

Of course, this is a rather high mark. But, *The Cash Box* has reported in the past that the leaders in the field believe that, with production and all other things equal, there will be about 1,000,000 automatic music systems (including juke boxes and all other types of automatic music) in operation by the end of 1947.

This places the juke box business, on locations in these United States (and this does not take into consideration what will be operating in the rest of the world) as the most outstanding and important division of the coin operated machines industry.

There is every reason for the juke box trade to believe that it is entering into one of the greatest booms in its history. Already exclusive distributorships are worth many times their original cost from the sale of parts and supplies alone which apply to individual types of automatic music. The music machine men are tending to go off in a path by themselves. They are playing up to the growth of their division completely.

They are, in fact, at least as far as distributors, jobbers are concerned, sticking exclusively to automatic music—which gives them more time to promote the greater growth of their own field.

Even operators, who have entered the juke box field, are exclusively devoting themselves to automatic music. Many immediately sell off game and vender routes and stick to music only. This, too, is helping this division of the business to greater progress for the basic backbone is the strength of its operations.

The music machine operators have been the first to obtain "front money", to get a better gross collection percentage, to change to 70% commission, and to arrange for legal location contracts and leases.

In every conceivable fashion they are intent on making their business one of the most outstanding in the nation. The fact that it has obtained such recognition from America's financial leaders as well as from the press—assures it that it is on the right path.

The juke box business is zooming to new highs—it is sure to gain for this industry the greatest respect, recognition and attention it has ever received.

NEW AUTO SALES PROCEDURE CAN BE USED FOR COIN MACHINE TRADE

Sharply Defines Higher Prices Against Lower Trade-in Values. Will Eventually Bring Trade Back to More Normal Basis.

NEW YORK — There is no doubt many coinmen have already purchased, and just as many have tried, to buy new cars.

They have learned that the average car dealer insists upon getting a trade-in where prices and dealings are on a normal and legitimate basis.

In these deals buyers have suddenly discovered that the car is priced (for trade-in) at a much lower figure—than were the same car to be sold in the open used market.

But, the dealers who are receiving and selling new cars insist that the used car be traded in to them—and at the prices already set.

For example, a new car which was quoted at $1,200 in the open used market, was taken in by the dealer at only $700 against the purchase of the same type new post-war model. The complete price was $2,300—and the differential which the buyer had to pay was $1,600—as against the fact that, if he would have sold his car in the open used market and taken his chances on when he would get a new car, he would only have paid $1,100—a saving of $500.

But, since the buyer wanted the new car—and found that his old one was giving him trouble (and also in view of the fact that he wanted a legitimate, above-board deal) he worked with the dealer.

This opens a vast new idea for the coin machine trade. It allows the wholesalers in this industry to set the market in much the same fashion. It means that if the operators will cooperate—that the trade will return to a more normal business and price basis sooner than now anticipated.

It also means that this industry can, by setting a trade-in valuation at a lowered figure, assure itself of a better export market for its merchandise and bring the operator the new machines as they come off the production lines.

Of course, it does mean preferential dealing. But, to the operator who is willing to cooperate, it also means that he will be getting the new machines so much faster—and to the wholesaler it assures a more profitable arrangement all around.

RECORD REVIEWS

By Ralph Emmett OF "THE CASH BOX"

"I Like Mike"
"Somewhere In The Night"
Helen Forrest with The Chickadees
(Decca 18886)

● To bring your attention to a really worthwhile piece of wax, we're headlining the "Mike" side of this platter. It's a really sock torch tune, along the same lines as Helen Morgan's famed "My Bill," and the way Helen Forrest chants it merits the number more than passing attention. Aided by the Chickadees, Helen's offering is done up in first class style, romantic and blue, and what she does with the zooming "Somewhere In the Night," clinches all arguments in favor of the platter.

"Flying Home No. 2"
"Punch and Judy"
Lionel Hampton & His Orchestra
(Decca 23639)

● The Lionel Hampton aggregation have served up another portion of jive in their waxing of "Flying Home No. 2." and "Punch and Judy." Both sides are offered as instrumentals. Playing to a wide and established group of followers, Hamp sets the pace on his xylo and the crew follow thru with sound and fury, all to the glory of the hot jive trade. The pace on both sides is slightly faster than lightninglike, while the jam in which they engage is just two shades softer than thunder. But for locations where they like 'em that way, this disk has earned its place there.

"Atomic Boogie"
"Back Room Blues"
Pete Johnson's All Stars
(National 4003)

● Hot — oh, how hot! — is this jump fest on wax called "Atomic Boogie." Featuring the instruments of Pete Johnson's All Stars, they've really come up with a platter that's a top notch offering for locations where the stompers collect to listen or to bounce. It's solid, groovy, and cut to send nickels tumbling down the coin chutes. The backing, "Back Room Blues," is a slow up from "Atomic," but as a listener's item, it scores.

"Just The Other Day"
"I Left My Heart In Mississippi"
Sam Donahue & His Orchestra
(Capitol 275)

● Sam Donohue's crew go to work on "Just The Other Day" and come up with one of the better interpretations of the melody to be heard around. Much credit for making this a desirable platter is the vocal style of Mynell Allen. She chants the lyrics just right for the bobby sox trade, and working closely with the Donahue crew, the disk clicks for coinage clinks. Less can be said for the backing, "I Left My Heart In Mississippi." Potentially a hit tune, the version offered here is too hopped up, and despite the credible vocal performance turned in by Bill Lockwood, the side misses.

DISK O'THE WEEK
"Vout Cowboy"
Louis Prima with Riders of the Purple Sage
(Majestic 003)

● That man-who-plays pretty-for-the-people, Louis Prima, takes top honors this week for a ditty somebody saw fit to call, "Vout Cowboy." Teamed with Louis on this top notch novelty are — yup! — Foy Willing's Riders of the Purple Sage. And how they ride together! With Louis' golden horn blasting the way, pausing only for breath and to groan a hunk of lyrics in between the lyrics yodeled by the Riders, the whole thing comes out as a platter of sock proportions. Louis' fans will be wild for it, and the lads and lassies who gather 'round the boxes for an earful of the Purple Sagemen, will level their six guns for it. That being the case, the disk becomes a double threat to every available nickel in town. And that's the best that can be said for any disk. Oh yes, the platter has another side. It's called "Mary Lou." It features the same combo, and what's more, it's just about as good.

"Girl of My Dreams"
"Blue Skies"
Perry Como
(Victor 20-1917)

● Perry Como is among the top drawing cards on a juke box no matter what he does, and for that reason this disk will register good play on the machines. Actually, the melodies presented here are far from Perry's best vehicles, and his interpretations fall short of those artists of years ago who carried them into national popularity. "Girl of My Dreams" is the side most suited to Perry's talents, and as a remake of a standard romantic ballad, it's a fair offering. On the even better known "Blue Skies," Perry is less appealing. Despite the top efforts of the Russ Case Orchestra, Perry's voice just can't carry the number thru the way it was intended. It's a good bet the customers'll buy it anyway. That's fame.

"You Keep Coming Back Like A Song"
"Willow Road"
Georgia Gibbs
(Majestic 12000)

● This, we are told, is Georgia Gibbs' first cutting under her current label, and tho the performance she contributes is genuinely worthwhile, the disk has a limited interest to the music op. The melody, "You Keep Coming Back Like A Song," as done here, is strictly for locations where they serve their beer glasses on coasters, and for such spots, both Georgia and the song are profitable. "Willow Road" has stronger appeal as to locations, but neither melody will set the box afire. It must be said, nonetheless, Georgia has a rich, pleasing voice with lots of dramatic quality. But she needs more arresting tunes to ride her into place on the machines.

"So It Goes"
"The Minute Samba"
Eric Madriguera & His Orchestra
(Vogue 760)

● For a really top-notch romantic ballad done to slow rumba tempo we point to this version of "So It Goes," as offered by the Eric Madriguera ork with vocal by Pat Gilmore. In addition, a choir arrangement blends in with Pat's warbling to wind this platter into the genuine hit class, The backing, "Minute Samba," is a change of pace over "So It Goes." Set to a fast and furious tempo, the crew give out with a really hot piece of Latin melody. Starring on this side is the fiddle solo offered by Maestro Madriguera. The choir again come to bat on the vocal, which is short and peppery. Where they like their Latin stuff solid, they'll like this.

"The Way That The Wind Blows"
"California Sunbeam"
Alvino Rey & His Orchestra
(Capitol 280)

● "The Way That The Wind Blows" is a good song, and as interpreted here by the Alvino Rey Orchestra with Jo Ann Ryan chirping the lyrics. we'd recommend that music ops give it a listening. It's good juke box fare for just about any location. It's timed right for smooth dancing, and, as a romantic ballad, it's more than adequate for listening. All the side needs is pushing. The reverse, "California Sunbeam," is a novelty number, not very exciting, and as interpreted here, it registers little reaction. A vocal quintet assists Jo Ann Ryan on the lyrics, and tho the entire crew try very hard, the side just doesn't appear to have the weight to score.

EXCLUSIVE TO "THE CASH BOX" RECORD REVIEWS

By DAVE QUIRK
RECORD REVIEW EDITOR OF "THE CASH BOX"

"A Garden In The Rain"
"You Must Have Been a Beautiful Baby"

Perry Como
(Victor 20-1916)

● There aren't many singers who can handle a ballad as well as Perry Como, and he's really at his best in "A Garden In The Rain." He makes singing sound as if it's about the easiest thing in the world to do, but of course his perfect shading and coloring have something to do with it. The Satisfiers add their bit to blend the picture, and then the Russ Case Orchestra complete it to make it a job that's really well done. On the backing the same aggregation cooperate on an oldie that everyone remembers, "You Must Have Been A Beautiful Baby." The song is as good as it ever was and Perry again turns in a top performance. Grab this one right away as both sides will collect more than their share of profits.

"My Neck of the Woods"
"Too Many Irons in the Fire"

Tony Pastor and His Orchestra
(Cosmo 498)

● "My Neck of the Woods" is the kind of song that makes the minds of all listeners wander to far-off places. It's a dreamy number that'll give you a nostalgic feeling about home, school, or any place you've had fun. Tony Pastor waves the baton and also rates the vocal honors. The band does a good job on a subdued background, and Tony's vocal is good too. The melody itself changes key too often for an untrained ear to pick it up right away, but that fact won't stop the disk from getting a good-sized play. "Too Many Irons in the Fire" is on the other side of the platter. The boys turn on the heat here and on the second chorus Tony gives it a "Gay Nineties" touch. A good disk sure to grab plenty of coin.

"Rumors Are Flying"
"The Sharp Scarf"

Billy Butterfield and His Orchestra
(Capitol 282)

● The tongues of the juke box fans will really start wagging after they hear Billy Butterfield and his boys give a satin smooth rendition of "Rumors Are Flying." It's an A-1 job. Pat O'Connor gives with a restrained but extremely pleasant vocal. There aren't any priorities connected with castle-building in the stratosphere, and we'd recommend this platter for such moods. On the reverse they give us "The Sharp Scarf," a streamlined version of an old classic. Billy Butterfield and Bill Stegmeyer on trumpet and clarinet respectively offer some neat but too short solos. The disk should click.

SLEEPER OF THE WEEK

"The Old Lamp Lighter"
"Banana Boat"

Hal McIntyre and His Orchestra
(Cosmo 502)

● A melody that's sweet and low is featured on this disk by that old music master, Hal McIntyre. "The Old Lamp-Lighter" is a tune that will catch on quick with the hand-holding clan but will also be appreciated by their elders since it's the type of song that makes youngsters look into the future and their parents glance back at the past. The arrangement is really smooth — a little bit like the style of Glenn Miller — and that's tops no matter how you look at it. Frankie Lester handles the vocal admirably well and displays a real talent for crooning. The flipover, "Banana Boat" is definitely a change of pace, style, and everything else. It's a combination of calypso and subtle boogie rhythms which will demand many repeat performances. Nancy Reed offers the vocal with the boys in the band getting in a little lung workout too. A few hot licks are tossed in for good measure, and it all adds up to plenty of business for the juke boxes.

"Out Where The West Winds Blow"
"Who's Gonna Kiss You When I'm Gone?"

Kenny Roberts and The Down Homers
(Vogue 736)

● Kenny Roberts and The Down Homers set a fast pace in "Out Where The West Winds Blow." Robers' vocal is as fast as those west winds and he serves up plenty of good, old fashioned yodeling. Those fans in favor of songs of the saddle will go for this. "Who's Gonna Kiss You" is a side that belongs strictly to The Down Homers. They band together vocally and instrumentally on this barnyard ballad and give it all they've got. Both sides are typical of this kind of music and will do well where such has been found to click.

"No Vacancy"
"Missouri"

Eddie Dean and His Boys
(Majestic 11000)

● Eddie Dean puts his heart in his vocalizing of "No Vacancy." From the title you'd gather the song is quite apropos of the times but it also contains a little sermon sung by a man with a country but without a home. The style is both western and spiritual. The backing, "Missouri," is a jazzed up cowboy tune. The instrumental part is pretty swingy and the vocal presents Mr. Dean in good voice. Spot it where they go for this style and it'll sell.

"Walking My Blues Away"
"Bum Dee Dah Ra Dee"

'Gatemouth" Moore
(National 4004)

● For a lament that's really low down and deep blue "Gatemouth" Moore musically moans about "Walking My Blues Away." He's assisted instrumentally by Budd Johnson's All Stars, and they get in a few brief breaks between the choruses. The backing is more of the same called "Bum Dee Dah Ra Dee." Some of the lyrics are a little off-color, so watch it when placing the disk. Will be successful in the race spots.

"How High The Moon"
"Derry Dum"

Kaye Connor
(Cosmo 485)

● If Kay Connor keeps on warbling as well as she does on this new release, she'll be in the top bracket in no time. Her version of "How High The Moon" is done just the way we like to hear old, romantic favorites of a few years back. She has a nice voice and a pleasing, natural style and should get a good reception from the cash customers. The flipover features Kaye on a little lighter tune entitled "Derry Dum." Everyone will be humming it after the first listen. Try 'em both.

"Afternoon Moon"
"A Blue Serge Suit With A Belt In The Back"

Cab Calloway and His Orchestra
(Columbia 36993)

● "Afternoon Moon" is actually a romantic song and the Calloway crew does it up right in a smooth fashion and still make it a little blue. Cab handles the vocal in a nice style with nary a hi-de-ho within hearing distance. "A Blue Serge Suit" features Mr. Calloway on the vocal and gives us singing the way we're used to hearing it come out of him. He tells of a square who's dead but won't lie down, etc. The orchestra furnishes a good musical background. The disk is a natural for the jukes and will get a big play.

BYRDE'S EYEVIEW 'ROUND THE WAX CIRCLE

by Byrde Gore

Harry Bank's pen (the one that signs contracts) has been working overtime lately. Among the newcomers to enter the Cosmo fold are Benny Benjamin and George Weiss, the famed song writing team who scribed such hits as "Oh! What It Seemed To Be" and "Surrender." Benny and George will vocalize as the Two Tones. In addition, Cosmo will have first recording rights on all new melodies written by the pair. Meanwhile, it is said, the Charlie Barnet aggregation has joined Harry's team.

Parker Erickson, veepee at Majestic, has named Wholesale Appliances, Inc., as their Miami distributor. Jack Greenwalt will vend the label to the music ops. Back in New York, sales chief Lou Suritz reports it won't be long before juke boxes will be sporting lots and lots of Majestic disks. By the way, if Majestic Records has not got the corner on the best talent in the land, they have got the wittiest, friendliest, and most helpful publicity man around in Les Kramer, a really right guy.

* * *

Visiting in New York these days is Dick Elwell of Bel-Tone Records. Cornered in the office of his New York distributors, Runyon Sales Co., Dick hollered out that he has the Roberts Bros. (a Hollywood trio) on "Vout Cowboy," and he'll be ready to deliver to music ops in a few weeks . . . Looking for a record exec? You'll find reps from just about every label in town conniving over luncheon tables at Toots Shor's. In case you didn't know, Kate Smith will wax for MGM come January One.

* * *

It may be that Leon Rene's Exclusive Records label will be the first indie to appear in quantity on the European scene. According to Leon, the firm is now negotiating with Irving Mills of Mills Music to get the pressing of Exclusive Records underway in England, current tariff rates making it preposterous to attempt marketing Yank-made platters in that country . . . Standard International, specializing in disks for the foreign language trade, is setting up its distributing network. Independent firms are being named.

* * *

Big demand is seen for Louis Prima disks in wake of his recently completed transcontinental tour, with greatest majority of calls concentrated on his novelty selections . . . Capitol label has a load of juke box winners recently released with Johnny Mercer, Jo Stafford and Martha Tilton platters drawing heaviest coinage . . . Reports from increasing numbers of juke box ops indicate that coinage response to long hair diskings proves the worth of *The Cash Box* suggestion that music ops substitute weak platters with classical and semi-classical records.

FUNNIER THAN EVER!
JERRY COLONNA
With Orchestra Conducted by FRANK DeVOL
'MY FICKLE EYE'
Casanova Colonna's a heart-breaker with the ladies! . . Jerry's hilarious delivery builds to a smash climax when his "fickle eye" falls out.
'A FARMER'S LIFE IS A VERY MERRY LIFE'
From the 20th Century Fox Picture, "Three Little Girls In Blue"
A comedy riot with barnyard sound effects — Colonna at his best!

ELLA MAE MORSE and FREDDIE SLACK

(Two more hits from the pair who gave you 'Cow Cow Boogie,' 'The House Of Blue Lights,' etc.)
'Your Conscience Tells You So'
'Pig Foot Pete'
The blues with a mood . . . by inimitable Ella Mae and fly-fingered Freddie. An 8-beat ballad full of bounce.
This torrid boogie tune turns Slack loose at the mandolin-piano as Ella Mae shouts a terrific vocal!

MGM DISKS HIT MARKET JAN. 1

NEW YORK—MGM's "Leo the Lion" roars his way out onto the national disk scene. That's the latest word from the Lion's lair in this city as announced by Frank B. Walker, the record firm's chieftain, in an interview held this past week with *The Cash Box*.

Tho extremely vague as to the plans being hatched by the small, compact staff currently organizing for the label, Walker did emphasize that all MGM Record distributors will be directed to devote special sales techniques in dealing with music ops.

At this date, Walker revealed, the distributors who will represent the MGM label have been chosen, tho no formal announcement in which they will be named has yet been released. The distribs will be independents, Walker added, and must handle the MGM line on an exclusive basis.

The talent roster for the label is still small with Slim Gaillard and Kate Smith the only artists signed. But, it was intimated, the talent roster at MGM is long, and anybody could draw his own conclusions

Production facilities are still a stumbling block for the label, Walker said, with just a single factory, in Bloomfield, N. J., being readied for operation.

Frank Walker, who fills the top slot for the budding MGM waxery, is well known in wax circles, having filled executive posts with Columbia and RCA-Victor for the past twenty-five years. As executive vice president for the Victor label until joining MGM, he participated in many CMI conventions.

"In my new assignment," Frank declared, "I'm looking forward to meeting again with my many coinmen friends and making lots of new ones."

Rene Will Distribute Own Exclusive Label

Announces New 75c Disk

HOLLYWOOD, CALIF. — Sweeping changes in the distribution of Exclusive Records were announced in a statement issued this past week by Leon Rene, president of the firm. In addition, it was revealed that a new, lower priced Exclusive label would be placed on the market shortly.

In his announcement Rene declared that he has formed the Exclusive Records Distributors Incorporated, which will act as selling agent for Exclusive Records, Inc. to all its distributors thruout the country. This service was formerly handled by the Jack Gutshall Distributing Co.

Coincident to his announcement of the change in the distribution setup for the label, Rene told of his intention to market a lower priced Exclusive record.

"Altho Joe Liggins' Exclusive record, "The Honeydripper" sold over a million copies on our present $1.00 label, we now deem it necessary to market a 75c Exclusive label," Rene explained. "This," he added, will be in addition to our $1.00 label and will be used to stimulate sales of 'popular' numbers."

TIPS ON WAX

Ben Selvin, among the top experts in the recording and talent field, informed *The Cash Box* this past week that the best "sleeper" on wax for the "cowboy" trade is "Have I Told You I Love You." The tune is being released by most of the major platteries.

* * *

Ben Linn, manager of Regal Music Company, one of the largest music op firms in the country, reports that he has followed *The Cash Box* suggestion to place copies of the Luis Russell (Apollo) waxing, "The Very Thought of You," in locations other than merely "race" spots; and the platter is drawing extremely heavy play everywhere he has tabbed it.

Katz Named Sales Chief By Apollo

NEW YORK—Irving Katz has succeeded Frank Marks as salesmanager for the Apollo Record Company, it was announced here this past week.

A veteran of four years with the U. S. Marine Corps, Irv joined the Apollo label as a salesman some months ago after a background in the music business that began when he was still a teen ager. He had been connected with the Gale Agency, one of the better known talent firms in the country, for more than six years.

EMERALD CLICKS WITH No. 1 TUNE

PITTSBURGH, PA. — Emerald Records, newly organized plattery in this city, really rang the bell with their first release. Firm heads decided to wax "To Each His Own," while it was still in the "no action" class and had it ready for release at the same time the melody began to soar in public demand.

The Emerald version is performed by the Fiesta Four with vocal by Al Nobel and Trio.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1	MEANS PRICE WENT UP.
2	MEANS PRICE WENT DOWN.
3	MEANS MACHINE JUST ADDED TO LIST.
4	MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK.
5	MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6	MEANS NO PRICES QUOTED FOR PAST TWO WEEKS.
7	MEANS NO PRICES QUOTED FOR PAST THREE WEEKS.
XX	MEANS NO PRICES QUOTED FOR MANY WEEKS — PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

"Automaticket" Machine Clicks With Commuters

NEW HAVEN, CONN. — The local newspaper here, The Register, is very much impressed with the new "Automaticket" machine now being tested in New York by the railroad stations. This paper writes, "The apparent advantages of the automatickets in railroad stations are numerous. Passengers might gain precious minutes, the railroads might save some money, and waiting lines at the windows might disappear or become shorter, statistical work might be simplified, and rush crowds and pre-holiday throngs might be handled more easily."

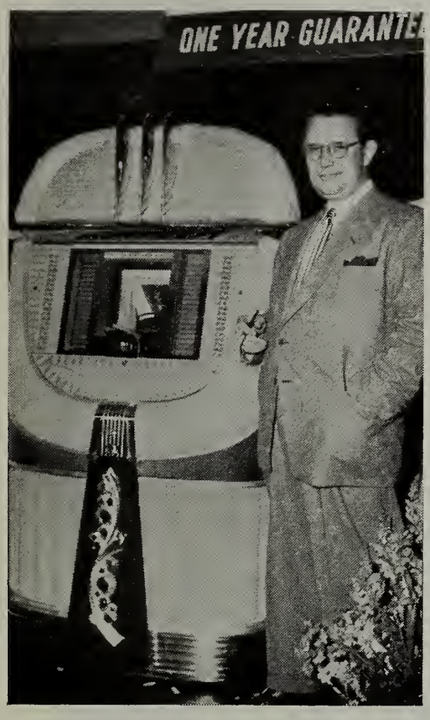
Eaton Announces Audiotronic Amplifier



CHICAGO — DeWitt (Doc) Eaton, Vice-President and General Sales Manager of AMI Incorporated, today announced that all new 1947 AMI Phonographs now being shipped by AMI are equipped with a special AMI amplifier known as "Audiotronic."

"The AMI Audiotronic Amplifier," said Doc, "has been especially developed by our engineers to add something new to the rendition of records on an automatic phonograph. The Audiotronic Amplifier boosts the bass tones which furnish the essential rhythm, and, while eliminating the record scratch, by means of a special circuit succeeds in favoring the highs also thus giving a faithful rendering in all ranges.

"Everyone knows that many locations insist on turning down volume at certain times. The Audiotronic Amplifier is the 1947 way of preserving the full musical quality of the record at moderate or low volume. Beautiful music and normal conversation are simultaneously possible with the Audiotronic Amplifier."

15 YEARS AGO 50,000 JUKES USED ABOUT 5,000,000 RECORDS

Jack Kapp of Decca Then With the Brunswick Radio Corp. was Given Survey Completed July 3, 1931.

NEW YORK—The modern juke box operator, who started in business anywhere from 1934 on, will be surprised to learn that 15 years ago this past month, on July 3, 1931, there was a survey completed among the juke box manufacturers of that date and that this survey was asked for by Jack Kapp, now president of Decca Records, Inc., who, at that time, was with the Brunswick Radio Corp., this city, manufacturers of Brunswick and Vocalion Records.

Kapp when first approached to advertise to the juke box trade of that era asked, in wonderment, how many such men there were in the nation. (By the way, at that time the record manufacturing industry was down to rock-bottom—or even below.)

It was, therefore, on his insistence that a survey was made thruout the country by the monthly coin machine publication in existence at that time.

This survey produced many interesting highlights of the juke box picture of 1931.

For example, juke box ops stated that they purchased an average of 2 new records per machine per week. (Manufacturers of that date conservatively estimated that there were about 50,000 juke boxes in the nation.)

Among the manufacturers were: Allen-Hough Carola Corp., Wilwaukee, Wis.; The Capehart Corp., Ft. Wayne, Ind.; J. P. Seeburg Corp., Chicago, Ill.; Western Electric Piano Co., Chicago, Ill.; Automatic Musical Instrument Co., Grand Rapids, Mich.; Link Piano Co., Inc., Binghamton, N. Y.; Plymouth Radio & Phonograph Co., Plymouth, Wis.; Ristaucrat, Inc., Kaukauna, Wis.; Mills Novelty Co., Chicago, Ill.; Gabel's Entertainer Co., Chicago, Ill.; Holcomb & Hoke Mfg. Co., Indianapolis, Ind. and the Decca-Disc Phonograph Co., Waynesboro, Pa.

Harry M. Baxter, who was one of the co-receivers for the Automatic Musical Instrument Co., on July 8, 1931, wrote that he believed there were about 150,000 juke boxes in the nation. (This letter was received after the survey was completed.)

Some of the other highlights of the survey were that Columbia, Brunswick, Victor and Okeh, in that manner of listing, were considered the best records, and were said to last one and one-half times as long as the others. They were said to give from 60 to 80 plays per record.

The price range of the new records at the time was "from 15c to 50c". Warping of records seemed to be the ops main problem. The operators also complained that the "necessity of using a permanent needle, cutting with a knifelike edge, lessens the life of the record". And also stated, "Grooves of some records cause them to be impossible for operation on the machines."

Telequiz Chi Offices Attract Visitors

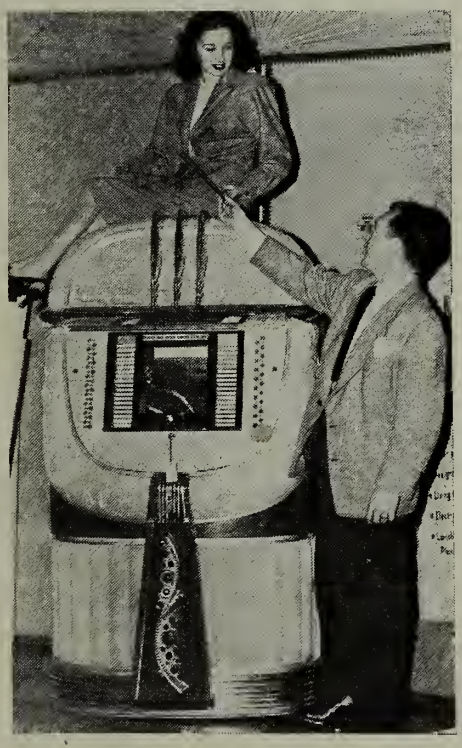
CHICAGO—There is quite a beehive of activity at 32 W. Randolph St., Chicago, these days.

Opened August 1st, the new offices and display rooms of the Telequiz Sales Co. are reported to be, "a perfect stage for the sensational machine, the Telequiz." "It is a legal machine that promises to be one of the greatest money makers in the coin machine industry," executives of the firm stated. The machine was devised and engineered by Training Devices Inc., Lincoln Park, Mich.

Joseph Beck, genial General Manager, and A. D. Nelson of the parent company, are welcoming their friends, as well as the many distributors who are flocking in from all over the country to see the new Telequiz.

Among the visitors this past week were A. H. Meyers and Irvin Weiber of Consolidated Distributing Co., Kansas City, Mo. Also welcomed, was Frank E. Page of the Roanoke Vending Machine Exchange, Inc., Roanoke, Va.

"You're the Tops with the Ops," Lester Tells Nancy Reed



NEW YORK — Frankie Lester tells Nancy Reed (both are vocalists for the Hal McIntyre Orchestra, Cosmo Record stars) that, "You're the tops with the ops all over the country, Nancy, since your recording of 'Banana Boat'."

Frankie Clicked with his singing of "The Old Lamp Lighter" which is on the reverse side of the "Banana Boat" disk.

Both youngsters are very much impressed with the new AMI Model A which they saw for the first time at the Runyon Sales Co. of New York showrooms in this city. In fact, they brought this new Cosmo Record to the showrooms to hear for themselves how it sounded in a juke box.

After hearing it played is when Frankie complimentad Nancy and told her she would be "the tops with the ops."

N. Y. WORLD-TELEGRAM FEATURES A FULL PAGE ON "HOW JUKE BOX GETS ITS JIVE"

Reports Juke Boxes Saved Record Manufacturers

NEW YORK — It seemed this past week that the Metropolitan area newspapers went all out to vie with each other on which one could tell a better story on why the juke boxes were doing such a terrific job for the record manufacturers.

The past Sunday, the New York Sunday News went all out with a terrific two page feature story and, on the same date, the Newark, N. J. Star-Ledger also went all out with a full page on the subject. (Both of these were reported in the August 12 issue of *The Cash Box.*)

But this past week the New York World-Telegram (Friday, August 9) also jumped into the limelight with a complete page of pictures featuring disk artists, Ethel Merman and Jeanette MacDonald, and showing how, technically, a record is manufactured from singer to final pressing of the biscuit.

In addition, the World-Telegram declared, "Everybody agreed that the record industry was doomed when the radio people produced low priced sets. It did go downhill for a while. Yet today business was never better for the record manufacturers and their chief complaint is that they can't get enough raw materials to make the records they could sell. More than anything else the juke box did it, the roaring, rainbow-hued monster that swallowed enough nickels last year to cover the equator two deep."

Eight different pictures appear on the page in very large size featuring Ethel Merman and Jeanette MacDonald.

Merman is reported to be singing one of her songs from the Irving Berlin musical comedy hit, "Annie Get Your Gun" and MacDonald is said to be singing a classical number for the records.

The page of pictures is interesting to those music ops who don't yet know how records are pressed. As a suggestion it woud pay each op to visit one of the record manufacturing plants to see how his records are produced.

Factory Workers Ask Press to Help Them Get a Juke Box

WILKES-BARRE, PA.—A reader of the Wilkes - Barre Times - Leader - News writes the editor the following note, after reading something regarding juke boxes in this paper: "Did sometone say something about a juke box? Please, if you can, figure this out.

"We are a few workers in a factory and would like a little music, but can't have any while we work. In my opinion, it would pep the girls up and also make them turn out a lot more.

"Am I not right girls? What do you say, Boss? How about installing a juke box?"

(*This is the first time in the memory of The Cash Box that an open publication request has been made for the installation of a juke box to any newspaper in the nation.*)

S. H. Lynch & Co. Commemorate 25 Years in Coinbiz

DALLAS, TEX. — Commemorating the association of the three men who led the former Electro-Ball Company, now S. H. Lynch & Co., this city, for the past 25 years to leadership in this industry — S. H. Lynch, Arthur C. Hughes and Edward D. Furlow sent friends this past week a memento of the occasion.

They write, "We are grateful for many friends and pleasant associations during these years . . . we are grateful for the progress our organization has enjoyed."

Thruout the Southwest, "Si" Lynch, Art Hughes and Ed Furlow are as well known in coin machine circles as is the great Lone Star State where they make their headquarters.

Their quarter century of association has won them one of the greatest followings in the history of the industry.

(The Cash Box *takes this opportunity to offer them its warmest and most sincere congratulations. Gentlemen — it's a job well done.*)

Almost 250,000 New Businesses Established in Past 12 Months

WASHINGTON, D. C. — Figures released here by Reconversion Director John R. Steelman, this past week, are among the most optimistic the country has yet had.

Steelman reports tremendous earnings for the public generally as well as good business recovery.

Best part of his report for the cointrade is the fact that about 250,000 new businesses were opened in the past twelve months and tho the percentage of these which are locations for coin machines cannot be computed with any exactness there is no doubt that coinmen are stepping into many new spots every day all over the country.

THEATRE CANDY VENDER OPS MAY RAISE PRICE

AKRON, O. — According to reports from theatre candy vending machine ops here it may prove necessary to raise the price of the candy bars they are now featuring at 5c to 10c.

Vending machine men explain that with the OPA raises allowed the candy manufacturers they cannot obtain merchandise to vend at 5c as formerly.

Whereas the storekeepers can raise prices to 6c, 7c or even 8c — their machines do not allow them to obtain any more than the regular 5c.

Installation of changemakers in these machines is a long way off, they point out, and inserting extra coins (after changing to dime chutes) is a very difficult matter for the candy bars and boxes are not uniform in size.

They can either cut down to smaller size candy bars, or else raise the price, if the public insists on the regular size bars, to the 10c figure.

As yet no moves have been made in either of these latter directions and with candy running very short here many of the machines are empty at this time.

The usual method adopted by most candy vending machine operators has been to cut down on the size of the candy bar vended. In most cases these have been made up specially for the coin machines. But, some of these men state, the public resents the smaller sized bars and would rather pay the additional few cents to obtain the full size bar.

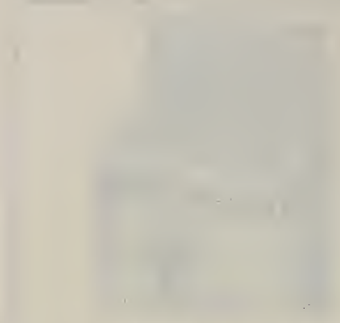
$100.05 PAID FOR ONE JUKE BOX SELECTION

TOLEDO, O.—It cost John Covington of this city $100.05 to make one juke box selection, this past week.

Covington had an argument with a girl as to whose turn it was to make a record selection from the juke box located in the White Spot Restaurant here.

The result was some chairs tossed around, property damaged and Judge Stanley Grzezinski fining Covington $100 plus 15 days in the local jail.



Slots No Ban to Getting Liquor License

GARY, IND.—The Lake County Alcoholic Beverage Board did not hesitate from giving its approval for renewal of licenses to two clubs here even tho it was informed that both of the clubs were featuring slots.

The board, instead, listed the number of slots in each of the clubs and left the decision up to the state alcoholic commission.

The actions involved the Silver Bell Club of the Polish National Alliance, and the Romanian Benefit Society.

The board secretary explained the action, following the session, by pointing out that the board is not responsible to local authorities and that in every other respect the clubs passed inspection.

Herman Werber, board investigator stated, "We assume that the local authorities know what is going on."

Board members also stated that every club in town had slots in their places and that these two clubs were no different from the rest.

The board members did say to the two men applying for the licenses for these clubs, in regards to the slots, "These are your babies, not ours."

People Earning 60% More Than in Peacetime

WASHINGTON, D. C.—One of the most encouraging figures reported by government officials this past week was that the people were earning over 60 per cent more at this time than the peak peacetime year of 1941.

Total income payments to individuals today equal or exceed the war peak of $163,000,000 which is over 60% more than the $100,000,000 peak reached during '41.

The government is asking the public to be very cautious with its earnings so that the threat of inflation, which has been banished to date, will not renew itself.

Marine Paper Tells of Shanghai Slot Play

WASHINGTON, D. C. — The magazine of the U. S. Marines, "Leatherneck", in its August, 1946, issue has an interesting article on "Shanghai Reviewed" by Sgt. Lucius F. Johnston, Leatherneck staff writer, recalling all the many experiences the Marines had when they entered the "Paris of the East", Shanghai.

One of the pictures illustrating the story shows the privates drinking room in the Fourth Marine Club on Bubbling Well Road and, at the right of the picture, "is one of the slot machines that made a modest fortune for Jack "Riley", the caption reads. The bar boys and waiters in the Fourth Marine Club were Chinese. (The story makes no further reference, tho, to Jack Riley.)

Ops Agree This is Time to Buy

Many Letters Received Agree That Used Equip't Can Take Over All Open Locations for Ops

NEW YORK — A great many letters were received this past week from coinmen all over the nation agreeing with *The Cash Box* editorials in last week's issue that, "this is the time to buy used machines and cover all open locations in every territory."

One op writes, "There is no doubt anymore that we won't get the new equipment as fast as we believed we would. Furthermore, we agree with you that we should not wait too long and get ourselves faced with stiff and new competition. We have plenty of competition right now and a lot of it isn't clean. In fact, we have already begun to find many machines being sold direct to locations in our territory."

"Therefore", this op continues, "we are going to start buying good used equipment, along the lines you suggest, and grab everyone of the open locations in this territory. We feel sure that we can get these spots with used machines right now and also get ourselves a good commission deal along with these machines. Then, when the new machines do come out in good volume, we will be in position to fill these spots as we go along."

Other ops are of the same opinion, according to the letters they wrote.

One of these men stated, "With the prices of the new machines what they are today, we are better off preparing the way for their arrival with used games. This will give us some idea of just what the location is worth. We can tell within a very short period of time whether the spot will ever deserve high priced equipment and, at the same time, we can make arrangements to get the kind of commission we will need, when the new machines are ready for delivery."

One op presented the following angle, "Most of the open locations in our territory aren't the best spots in town, as you probably know. But, many of these places are going to expand and some of them can be developed into very good spots. Therefore, we like your suggestion, first, because it allows us the opportunity to rid ourselves of the kind of competiton we had to endure before the war, second, it gives us a chance to find out just what these locations are like and, third, it gives us the opportunity of starting a new commission basis and relaying it to our regular spots."

Price Increases to be Granted Canadian Lumber

Will Stop Flow to Foreign Markets and Make Lumber Available to American Mfrs.

WASHINGTON, D. C. — Civilian Production Administrator John D. Small said this past week that "price increases undoubtedly must be granted on Canadian lumber and some other products to insure an adequate flow".

Small told reporters that he had already taken this matter up with the OPA and planned still another conference with Price Administrator Paul Porter.

Each day's delay, he said, "is very serious—every day we're losing materials" thru Canada's revaluation of the dollar, which increased prices 10% to American buyers last month, and the absence of OPA action to increase the price which American buyers may pay.

"The United Kingdom, China and other foreign markets are perfectly willing to pay the higher price for Canadian lumber", Small declared.

Should Small get his program thru it would mean a big volume increase of lumber for all manufacturers in the American market. Especially of interest to the CPA is the need for more lumber for emergency housing.

At the same time CPA is much interested in preventing the flow of Canadian lumber to foreign markets, especially in view of the fact that the American market is so desperate at this time to obtain this lumber but can't do so because of the confusion existing on the price situation brought about by the revaluation of the Canadian dollar and the fact that OPA has not made any provisions for the American manufacturers to increase their buying price to meet this increase in the value of Canada's dollars.

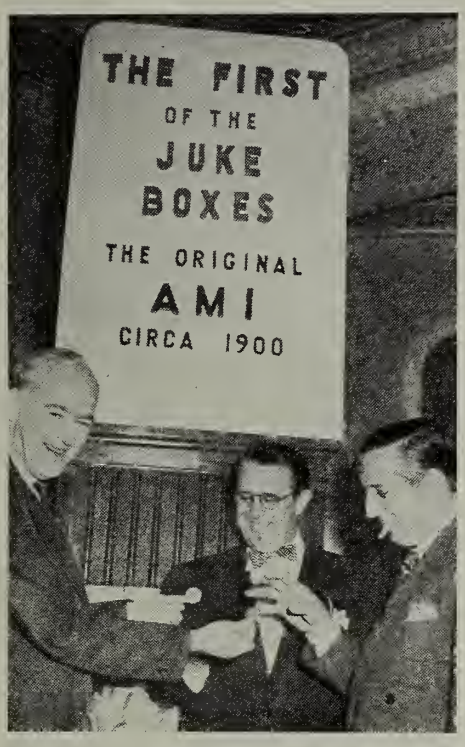
CHICAGO JUKE BOXERS vs NEW YORK TO BE AIRED OVER RADIO STATIONS WGN-WOR, SUN., SEPT. 1

Will be Question and Answer Battle Between Nation's Largest Juke Box Cities. Teams Now Being Picked by "Doc" Eaton and Jack Mitnick



CHICAGO — Morry Wood of radio station WGN, this city, holds up one of the silver dollars which will reward the correct answers to be given on the "Battle of Two Cities" quiz program to be aired over station WGN, Chicago, and station WOR, New York.

On September 1, four husky Chicago jukeboxers will compete against four brave New York jukeboxers.

The Chicago team will be captained by DeWitt (Doc) Eaton, Vice-President and General Salesmanager of AMI, Inc., this city.

The New York team will be captained by Jack Mitnick, General Manager for Runyon Sales Company of New York, Inc.

Both captains are busy at this time lining up their teams, and grilling them for a fast pace in the contest.

They invite the entire coin machine world to listen in to this unique double station program at 2 PM on Sunday, September 1 over WGN in Chicago and over WOR in New York.

Those who are interested in attending this program in person can do so by writing to either of the stations closest to them for tickets.

"Doc" Eaton, captain of the Chicago jukeboxers said, "We'll win hands down. You can bet your bottom dollar on that."

As far as Jack Mitnick is concerned, he stated, "This isn't even going to be hard. We'll walk away with every silver dollar in the station."

ORGANIZE INDIE MDSE MACHINE OPS

Claim CMA of N. Y. C. Gives Small Ops No Protection. Have been Losing Locations by $200 to $500 Offers for Spots by Large Ops

NEW YORK—A group of 75 cigarette and candy machine operators (who average from 50 to 75 machines each on locations here) have formed themselves into the "Independent Operators Association, Inc." to protect their investments against what they call, "cut-throat competitors who are offering from $200 to $500 for each location" and have elected Jack Seidler as their president.

These smaller ops claim that the CMA (Cigarette Merchandisers Assn.) of this city gives them no protection. They claim that CMA is composed of the larger cigaret and candy machine ops.

Jack Seidler gave one case which helped stir this organization into being, "Recently", he stated, "a cigarette machine operator with 40 machines was gradually wiped out by some larger operators who paid his storekeepers anywhere from $200 to $500 for the privilege of placing their machines in those locations."

He also stated, " The smaller operator must have protection and we are going to give it to him."

Seidler also advised that they now have an attorney studying location agreements and leases (which were reproduced in *The Cash Box* over the past four years) and they will have one standard location agreement prepared for the protection of their members.

"A meeting is being called early in September", Seidler said, "and all the members will be present to hear some very interesting information for their benefit. The exact date of the meeting isn't yet set, but as soon as it is we shall inform the entire industry about it and will be happy to have all merchandise machine men in this area attend who aren't yet members of our organization."

This is the first note of discord among the cigarette and candy machine ops here who have practically all been members of the CMA previously.

This new organization, according to some of the smaller ops here, is working hard to set up a really protective association for their benefit.

Mills Sales Has Over 50% Returned Vets as Employees

WARREN H. TAYLOR

OAKLAND, CAL.—Warren H. Taylor, Salesmanager for Mills Sales Company, Ltd., this city, reports that the firm "have gone to every extreme to find places in our organization for returned veterans, and at the present time approximately 50 per cent of our Service Department are veterans of World War II".

Taylor also stated, "In addition to this we have endeavored, in every possible way, to give the proper advice to those desiring to enter the coin machine field."

Taylor was visited this past week by an ex-G.I. who had enrolled at the University of California but wanted to augment his present income with an operation of coin machines. After giving this veteran all the information regarding the coin machine business that he could, he received a letter in return of which Taylor is very proud, "For", as he says, "it shows how careful and painstaking the firm have been in giving good, sound advice to those vets who want to enter into this field."

The letter reads, "In appreciation of the courtesy which you showed me yesterday when I called at your organization I want to send this note to thank you again.

"The ideas which I mentioned to you in our conversation yesterday still have my consideration, altho I will take sometime before acting upon them. However, it would be a pleasure to do business with your organization, and I hope I may be able to do so before too long.

"May I again thank you for your kindness. It is extremely gratifying to find such singular courtesy in the present day business world."

Badger Sales New Bldg. Has Over 8,000 Sq. Ft.

Air Conditioned Thruout. New Type Parts Dept. Features Large Repairs, Shipping & Whse. Space. Many Modern Conveniences.

WM. R. (BILL) HAPPEL, JR.

LOS ANGELES — The final touches are being completed to the ultra-modern, new building in the heart of Coin Machine Row which, within a very short time, will house the sales and service facilities of the Badger Sales Co.

"That it will be a 'show place' among distributing offices, goes without saying," comments "Bill" Happel. Most important of all is that we haven't left a stone unturned in seeing to the comfort and convenience of the operators whom we serve."

8,000 square feet of floor space and every inch of it fanned by thermastatically controlled air conditioning. Luxuriously appointed offices and conference room, together with spacious display room completes the glimpse first sighted upon entering the door.

Equally enthusiastic in his praise is Jack Leonard who heads Badger's well-stocked and completely equipped parts department. A tremendous amount of space has been given over to the stocking of parts, tools and accessories of every type. Already winning wide praise from operators in the handling of their service needs, Leonard has elaborate plans for the growth and development of this department.

A large, shelved, glass-enclosed case will stretch for an unbroken length of almost 40 feet and every inch of it will be utilized to attractively display parts and group assemblies so no operator need be at a loss to describe or ascertain the exact items he needs.

"They will be there to see and point out" explains Leonard, "and we intend to forever banish the phrase 'Hard to get parts'. Parts, accessories and assembled units will be 'Easy to get' at Badger and easier still on the operators pocket-book."

Completing the overall picture requires a "look-see" in on the vast warehousing facilities and adjoining shipping and loading platform.

"Trucks can drive in, up and out fully loaded in nothing flat," comments Happel "and this will be especially appreciated by operators to whom even a minute lost in transit time means a great deal."

The expertly manned shop not only will have facilities for the electrical and mechanical repair of machines, but also a fully staffed cabinet refinishing department.

A whole corps of workmen are putting the finishing touches to the "Badger Castle" and its opening will be announced in a forthcoming issue.

U. S. Asks Jersey Music Guild to Train Vets

Exclusive to The Cash Box

NEWARK, N. J. — The Veterans' Rehabilitation Division of the United States Government has requested the Music Guild of America, juke box ops association here, to institute a course of study for the training of apprentice servicemen.

Under the plan proposed, members of the industry would be requested to cooperate with the Veterans' Administration and the Music Guild of America in two ways.

First, by acting as instructors, appointing the best servicemen as teachers and secondly, by engaging the apprentice upon the completion of the course of study.

The course of training would be paid by the Veterans' Administration. Servicemen who act as teachers will receive a nominal salary, unless they offer their services to the wounded GI's without charge.

Employers would be required to pay these trainees at the completion of the course the rate of wages provided for in the union contract between the Music Guild of America and Local B1477, I. B. E. W., A. F. L.

The Music Guild will seek the cooperation of distributors, who now conduct schools of instruction or who will be willing to institute such a school of training for these apprentice servicemen.

While the GI's are in training, the Veterans' Administration will pay them subsistence salaries. This subsistence will continue even after they are employed or until the apprentice servicemen receive a living wage.

The Board of Governors of the Music Guild of America has approved this cooperation with the Veterans' Administration under the Public Relations project.

Not only will this give the veteran an opportunity to earn his wage through life, but will at the same time give the industry an opportunity to engage trained servicemen. It will also reduce national taxes when these trainees receive their full salary.

Here is a worthwhile project for all music merchant operators' associations to engage in a similar project.

The Music Guild of America is the first to institute a school of instruction at the request of the U. S. Government.

It is hoped that other associations will likewise take advantage of this opportunity.

Tax Jukes and Cig Venders

LA SALLE, ILL.—City Clerk Bertha Young reported this past week that this city had received a total of $1,625 in revenue from taxes placed on juke boxes and cigarette vending machines by a special ordinance at a Spring council meeting.

The $15 yearly tax on juke boxes brought this city $915 for the 61 machines that were licensed.

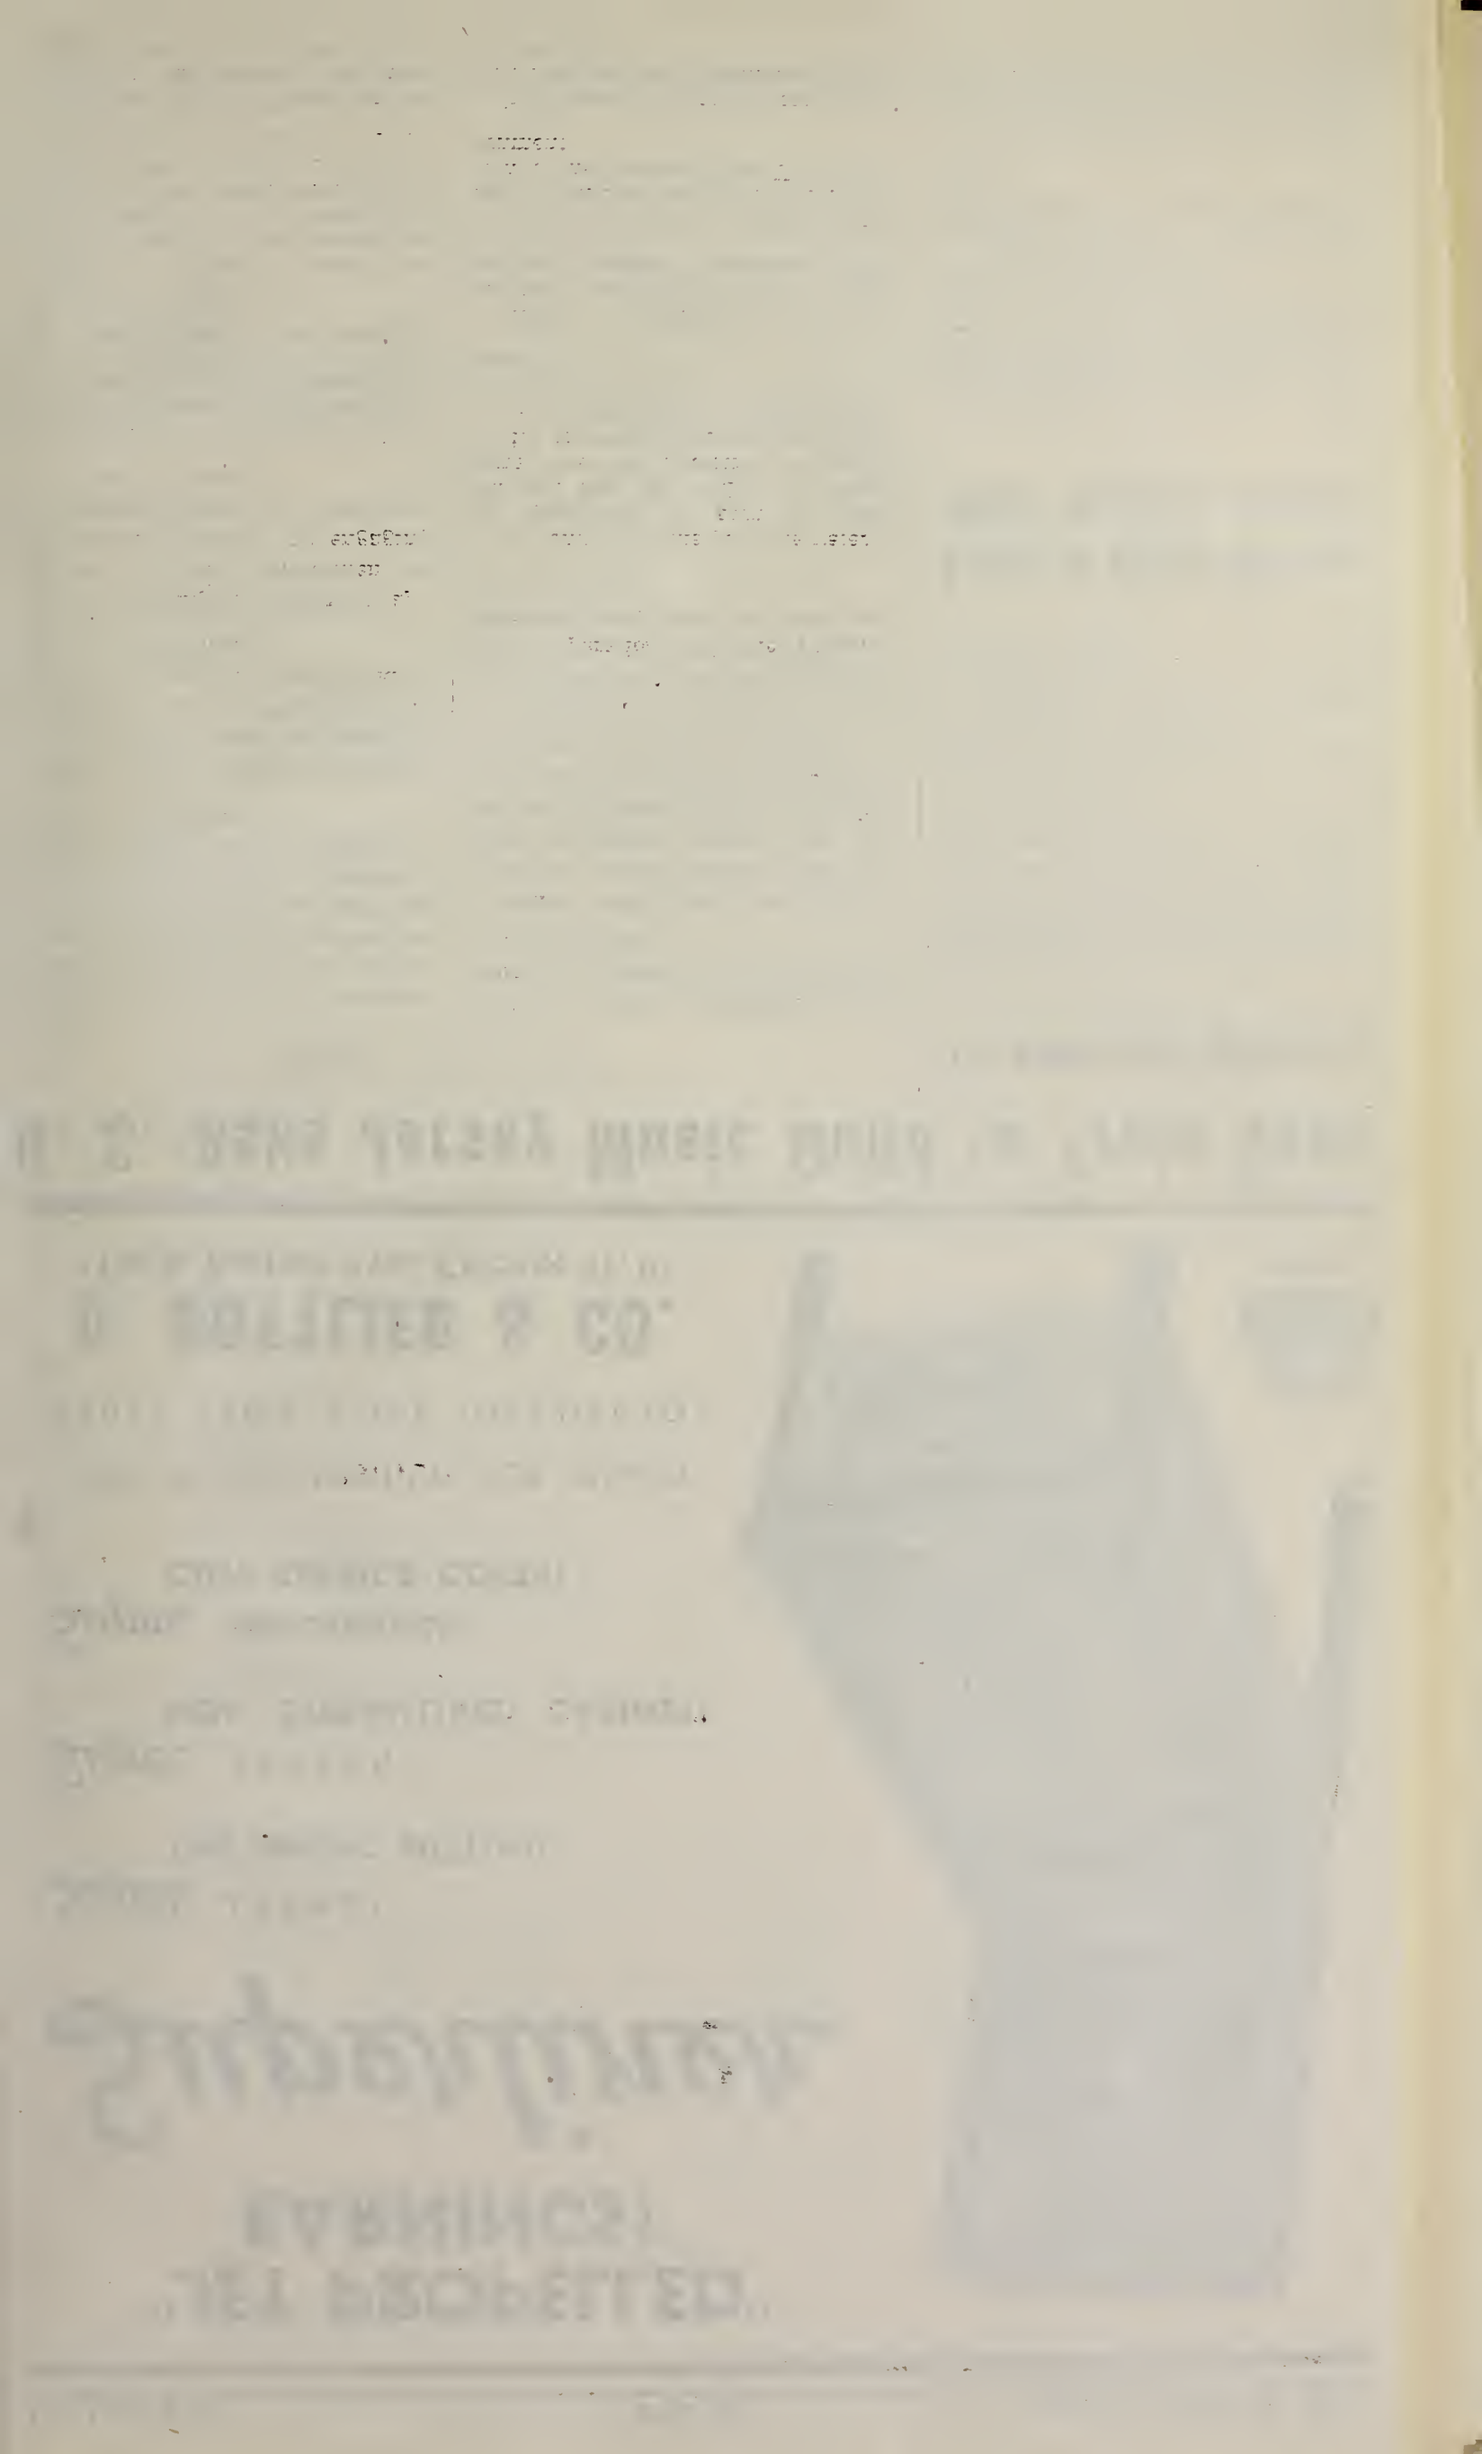
Meanwhile a total of 71 cigarette vending machines paid off $170 in licensing revenue.

Lions to Raise Money With Vending Machs

LEXINGTON, KY.—The Lions Club here has made plans for early installation in strategic locations thruout this area of 1c gum and candy machines as a means of increasing its blind and charities funds.

Clubs thruout Ohio and other surrounding states are adopting this same method for raising necessary funds.

Youth organizations are also using candy and gum venders to raise cash. The machines all appear with signs regarding this fact and the press helps the clubs to cash in on their machines.



N. Y. News Story on Juke Box Record Biz Featured by St. Louis Sunday Globe-Democrat

ST. LOUIS, MO. — The Sunday Globe-Democrat (August 4) picked up the story featured in the New York Sunday News (as reported two issues ago in *The Cash Box*) and under the name of the same feature writer, Robert Sylvester, told the public here all about the great job which the juke box had done for the record manufacturing business.

In effect the story continues with the very same wording which appeared in the New York Sunday News from every standpoint.

The writer, tho, was given a very fine illustration in the Globe-Democrat here featuring pics of Thomas A. Edison and his first phonograph, as well as Bing Crosby and Frank Sinatra and also a picture of a record listening room in one of the leading St. Louis department stores.

There is no doubt in the minds of juke box coinmen here that this story proved of tremendously good value to the juke box trade thruout this area.

"It brought home", as one op stated, "to all the record wholesalers here that they certainly owe the juke box trade a lot of consideration for the fact that this business is what put them over the top."

Ponser-Kaye N. Y. Game Show Pulls Big Crowd

NEW YORK — The showing of the three new machines of the George Ponser-Irving Kaye firm, Amusement Enterprises, Inc., this city, attracted a large crowd of out-of-town coinmen its first day to the Hotel New Yorker, Parlors F and G, this past Thursday, August 15.

Among those seen around the floor by reporters of *The Cash Box,* during the first hour after the doors opened to show the three new machines, were: Ted Bush of Minneapolis; Harold Klein of Milwaukee; Sam Strahl of Pittsburgh; Max Glass of Chicago; Irv Morris of Newark, N. J.; Joe Ash of Philadelphia, Pa.; Jack Berger of Baltimore, Md.; Irv Sandler, Des Moines, Ia.; Eddie Corriston of Cliffside Park, N. J.; Bert Lane of New York; Fred Mann of Chicago; Ben D. Palastrant of Boston; Lew London of Reading, Pa.; Eddie Ginsberg of Chicago with Mrs. Ginsberg; and many others who are still arriving while this is being written.

A legal type counter game a real bowling machine and a roll down type game were shown to all who attended. The comment was very good and orders taken by Ponser and Kaye exceeded all their expectations.

The showing continued on until Saturday evening when it wound up with a bang up party for all who were still here.

THRU THE COIN CHUTE

CHICAGO CHATTER

All members of the juke box fraternity here are very much interested in the forthcoming radio quiz program which will take place over radio station WGN (largest in the mid-west) and radio station WOR (largest in New York) between two teams of juke box men who will be answering questions regarding the juke box for silver dollars. Morry Wood of this program believes that it will be one of the most interesting he has ever conducted. The two teams will be captained by DeWitt (Doc) Eaton, vice-president and general salesmanager of AMI, Inc. and Jack Mitnick of Runyon Sales Co. of New York, Inc. "Doc" Eaton is of the opinion that his Chicago "jukeboxers" as he calls them are going to K.O. the N. Y. boys. The program takes place at 2 P.M. on Sunday, Sept. 1. All the coin machine trade should listen in for it is sure to be one of the most interesting programs ever yet.

Hymie Rosenberg of New York was in town this past week and probably in conference regarding the Challenger phono. Last time we talked with Hymie he told us that the Challenger would be transferred to a Wichita, Kans. plant for manufacture . . . R. M. Sparks of Sparks Specialty Co., Soperton, Ga. was also in town and visiting over at the Seeburg factory. Sparks is one of the real old timers in the coin machine business and is also planning to manufacture a scale which we believe he will announce very soon . . . M. G. (Mike) Hammergren of Wurlitzer was also in town this past week and was reported busier than ever meeting with many of the Wurlitzer distribs who came to town to see him and also with his local distributors here . . . A. Matheny of Matheny Vending Co., Wichita, Kans. was in town and was seen here and there visiting with the trade's leaders. This is one of the old-time better known firms in the coin machine biz and the Mathenys are one bunch who want to give their customers whatever is to be had of the bestest.

Morrie Avery, operator from Greybull, Wyo, ming, flew his own plane into Chi and we hear placed a very large order for Pace slots while in town. Avery operates quite a number of machines right on the outskirts of Yellowstone . . . Morris Gisser of Cleveland Coin Machine Exch., Cleveland, was also in town. We were rather surprised to see Morris for the last we heard was that he was "retiring" from the coinbiz and was going to take things easy from now on . . . Bill Fielding of Donald Fielding & Co., Windsor, Ont., Can., was also in town. Bet Bill feels swell now that he can lay down that Canadian buck and know that it pars our American dollar. Bill, as usual, is reported to have done some big buying while in town and wanted to get those machines up to his spots in Canada as soon as he possibly could . . . Ben Robinson of Detroit, Mich. and New Orleans, La. was also in town. But, that's to be expected, especially with Bill Fielding here for both of the boys are the best of friends.

Steve Sahacki of Gary, Ind. drove into town this past week to do some quick shopping while prices were leveling off and we hear that Steve made some nice buys . . . By the way, plenty of ops coming to town these days to grab whatever they can while the jobbers and distribs here are presenting some real buys in all types of equipment and the ops can fill all open spots in their territories while waiting for the new machines to arrive . . . C. M. Stokes from 'way down Laurel, Miss. also in town and seeking to buy plenty of machines. Hope he got what he wanted . . . Bob Howenstein of Fort Wayne, Ind. can always be depended on to come running into town when he needs something. And he needed plenty this past week, we are told . . . Ralph Crain of Kankakee, Ill. also popped into the city . . . Bob Kniess of Gilbert Distrib. Co., Des Moines, Ia. also came in for a visit and to see what he could buy while he was here.

Paul Glaser of Empire Coin Mach. Exch. takes to the road to call on ops to see what he can buy and sell. Gil Kitt, in the meantime, hies himself down to Columbus to attend Woolf Solomon's official opening of his new spot at 185 Towne Street and to also see what Woolf has done with his place —for ideas, maybe . . . Lawrence Daurora of Schenley Vending Co., Pittsburgh, Pa. popped into the Windy City of ours and was seen here and there around town . . . J. R. (Pete) Pieters of King Pin Equipment Co., Kalamazoo, Mich. came running into town to see Harry Williams and see whether he couldn't get more and still more of the Williams' Dynamites. Pete was taken for an airplane ride by Harry and liked it so much he's coming back for instructions. Harry is a full-fledged pilot. (By the way, Pete, wasn't it Mrs. Pieters who didn't want you to take flying lessons, hey?) . . . We heard from Pete later in the week that all ops in the Western Mich. area (who had previously been on a 60/40 commission basis had now changed over to 70/30. Pete advised that the boys changed to 60/40 after reading *The Cash Box* suggestions during the war and now agreed with this publication that 70%-30% was the answer to profitable operating.

Saw Sol Gottlieb—and, as usual, Sol was in a rush to get away from town. This time, he advised us, he was on his way down to visit with Woolf Solomon at the formal opening of Woolf's new offices. Looks like Solomon will have quite a crowd down there . . . We hear that Dan King of Western States Distrib. Co., San Francisco, has just purchased a larger plane. It's a seven passenger, twin motor affair. Now Dan will be able to carry even more machines than he ever did as he flies about visiting his many operators . . . We haven't heard from Harry Salat of Bell Products who is somewhere on the road between here and California. We wanted Harry to send us pictures and notes as he covered the country —mixing business with pleasure. Hey, Harry, you haven't forgotten us—or have you? . . . We're told by interested mfrs here that Barnet (Shugy) Sugerman of Runyon Sales Co. is on his way into town to visit with them . . . Quite a few of the boys passing thru town this past week were on their way to attend the N. Y. showing which George Ponser and Irv Kaye of Amusement Enterprises were holding for 4 days at the Hotel New Yorker in N.Y.C. We hear that Mr. and Mrs. Eddie Ginsberg (Atlas) also left to attend this showing of 3 new machines.

Dan King III, of Western States Distributing Co., has taken the missus on a short vacation trip into the wilds of Canada. King is a noted horseman and hunter and has a large collection of trophies gathered in days gone by . . . Chet Garton of M. S. Wolf Distributing Co. was seen scrubbin' and polishin' for the meeting of branch managers with the boss this week. Al Silberman is due in town with Bill Wolf for the meeting.

Al Armos of Golden Gate Novelty tells us that the demand for used equipment is greater than ever. He has a stock of good reconditioned games and phonos on display for sale to ops . . . Morris Pollard, in Los Angeles this week looking for equipment, is due back soon with a carload of swell games, we hear.

Leon, "hi-ho" Silver, a very busy operator of gum, candy and vending machines, has just purchased the building at 760 Hayes St., and is in the process of having the place completely remodeled. When finished the place will be very modern, with spacious offices and shops. Leon will expand his operations and will move into the distributing field.

Joe and Carl Noto of the Nobro Novelty Company have expanded their present location and have set up a complete record sales department. In the rear of their enlarged building they are reconditioning a large number of games for sale. Both boys were recently discharged from the army and have taken up where they left off . . . George Murdock of M. B. W. Associates has just returned from a quick trip to Chicago. Murdock informs us that the demand for the Wayne "Automatic Record Volume Equalizer" is nothing short of phenomenal. They hope to increase their manufacturing facilities for greater production to meet the ever growing demand.

THRU THE COIN CHUTE

ST. LOUIS

Big news this week was the showing of the new AMI phono at Lindell and Teresa Blvd — where the AMI sales office operated by "Irish" Murphy did a land-office business. Many orders went on the books . . . Eugene Cotter of West Frankfort, Illinois, is becoming a familiar figure these days — he's commuting regularly into St. Louis in search of pin games and phonographs.

* * *

Whispers around the circuit are that Missouri Tavern Supply Company down at Springfield is for sale. Dale Riemer, masterful manager, reportedly passed the word along — nice stock there, boys! . . . O. M. Anderson of Austin, Texas, who has many buddies among St. Louis' veteran ops, was a guest in the city over the weekend. More machines available in Texas, Anderson opined.

* * *

Jeff City ops sent a one man delegation to St. Louis to get a line on the location-commission movement currently absorbing everybody's interest. The delegation was Earl Moore, who feels it's high time "somebody did something!" Incidentally, the question of how much commission the location owner is rightfully entitled to will be the piece de resistance at the forthcoming September meeting of the Missouri Amusement Association, according to President Lou Morris. Missouri ops will present a unified front this winter — we hope . . . "No more free linoleum, beer taps, new windows or counter tops" will be the banner cry when the ops assemble . . . Bob Huggins has gone to work as a mechanic over at Olive Novelty Company — Bob's a veteran in two ways . . . Word comes south from Al Haneklau of Olive Novelty that the fishin's fine in Wisconsin. Al is probably loafing on the porch, Ben Axelrod of Olive reports. "I haven't had a vacation in twenty years" Ben complained. "Some day I'll surprise everybody."

* * *

Myron Trotter, who runs a string of pin games and phonographs down Jacksonville, Illinois, way, was a familiar figure around distributor's showrooms the past week. Myron went home with a load of serviceable machines, however . . . One op who isn't complaining is Jimmy Carmody. His locations, all in the better-bracket taverns and other spots, are not closing up due to the beer shortage. Schooley Music Company over in Granite City, on the other hand, goes as beer goes — and beer isn't going . . . much.

* * *

Carl Trippe traveled to Evansville, Indiana, over the past weekend to take in a few races and transact a bit of business. Carl is getting a bit portly again, despite herculean dieting a year or so back . . . Luscious Florinne Smith, Art Paule's right hand on the Ideal salesboard balcony, is back brown and sunny after a week at the beach.

PITTSBURGH

Sam Strahl of American Coin-A-Matic was reminiscing over childhood days with Dick Elwell of Bel-Tone Records, who was explaining as well as plugging the "Ugly Duckling" series of records to Sam . . . Joe McGlenn says McGlenn's Distributing Co. is doing their darnedest to meet customer demands with an insufficient stock of coin machines.

* * *

B. D. Lazar boss man at B. D. & J. D. Lazar, is sold on "Superliners." All incoming reports throughout their territory leads B. D. to believe that Superliner is the best game to hit the market for the past five years" B. D. has his hands full filling Rock-Ola orders. He says he would appreciate quantity and not driblet shipments. The firm is also getting a nice play with the Gottlieb "Hand Gripper."

* * *

Sam Horvitz and his Acme Novelty Co. are up in high G again. "Pitchem" games at long last have started to come through . . . Jack Beever, the mechanical wizard of Tri-State Autocoin, enjoys his weekends motorboating along the teeming, but picturesque, Monongehela river.

* * *

Johnny Peters reports that Pittsburg Amusement Co. is bobbing along . . . not mad at anybody . . . and from past events the very near future is beginning to take on a rosy hue.

* * *

Herby Rosenthal of Banner Specialty Company is rapidly rearranging display spaces for Packard Pla-Mor Hideaways. "They should be in any minute now," says Herby.
